About the Trust

Nehru College of educational and Charitable trust was founded and established in the Year 1968 by the renowned educationist and Philanthropist Late Shri PK DAS, with the first college in Aeronautical Engineering. Over the years, it has expanded its offerings to include various other Engineering branches, Management, Arts, Science, and Paramedical Sciences, garnering accreditation and recognition throughout its illustrious history

About the NCA

Nehru College of Architecture strives to equip the next generation of architects with the knowledge and skill set to conceptualize the future of the built environment. The B.Arch program addresses future concerns in these uncertain times when the world is facing major migrations induced by climate change, natural & manmade disasters, resource depletion, pollution, congestion & overcrowding in urban areas etc. NCA trains architecture students to turn these dire prospects into opportunities by conceiving many types of architectural projects that respond to sustainability of the environment and also reflect the culture & ethos of the local population. NCA offers top-notch infrastructure, experienced faculty, and diverse opportunities for academic growth and practical experience fostering a dynamic environment for aspiring architects. Beyond traditional internships, students engage in national competitions guided by experts, to tackle emerging architectural challenges like Green building technologies and Urban ecology. Moreover, NCA instills strong moral values and cultivates leadership qualities, preparing students for impactful roles in community and nation building

Vision

We aim to provide architectural education that is rooted in the rich art & cultural heritage of India which also embraces the latest developments in science and technology of the contemporary world. At Nehru college of Architecture, we are committed to the important task of producing architects who can envision the future and are willing to push the boundaries of architectural design to create sustainable new worlds. The qualitative judgement of the public at large & the learned elite makes architects to contemplate futures worth living and architecture worthy of these futures.

Mission

Our country is a colorful tapestry of multiple languages, varied people, traditions in art & crafts and an emerging modern society with dynamic social & economic interactions. Hence it's our mission to promote a well-balanced, comprehensive architectural education where students cultivate expertise, sensibilities and critical questioning to produce an architecture that would meet the demands of our complex & diverse society. NCA provides an atmosphere that encourages freedom of thought, fosters pursuit of knowledge and skills that would result in the development of original ideas for the built environment which can address the problems of climate change & global warming caused by the pollution to the natural world

PROF. GANAPATHI KAMATH
PRINCIPAL

As an architect with over 29 years of industry experience, I have had the privilege of working on landmark projects like those at MAHE during my tenure at Sundaram Architects Pvt. Ltd., as well as leading emerging projects for L&T as Principal Architect at FBA Architects Pvt Ltd, Consultants before. These experiences have deepened my appreciation for the profound impact of good design on daily life. While everything around us is designed, only a few creations truly stand out as thoughtful and well-crafted. Great design enhances functionality, shapes culture, builds values, and enriches lives.

While I dived into the Academia, I aimed to channel my industrial expertise into guiding students to think beyond the conventional boundaries. At NCA, we provide aspiring architects with the perfect platform to establish strong foundations, embrace inclusivity, and master sustainable design. Here, students are nurtured to not only create remarkable designs but also to leave a lasting legacy as visionary architects

NATIONAL AWARDS

ZONAL AWARDS

SHORTLISTED STATE AWARDS

THE RAJPUT LEGACY

Fortified grandeur: Kota garh, built in the 15th century for the Rajput dynasty, is a fortified citadel with imposing walls, a strategic location overlooking the Chottinad river, and features like the bastions that highlight the defensive strength.

PRECIOUS INFLUENCES

Art work, a blend of Rajput and Indo-Islamic styles, is showcased in the palace's intricate folk-art murals. Craftsmen utilize marble, stone, and brass to create intricate carvings and sculptures, showcasing stunning geometric patterns.

BLISSFUL ELEGANCE

The Rajput style is renowned for its love for domes and minarets. The elegance is reflected in the presence of beautiful marble inlaid floors within the Kota garh complex, seen in both interiors.

SPIRITUAL SIGNIFICANCE

Kota garh is religiously significant, housing temples dedicated to Hindu deities such as Lord Shiva, Brahma, and Hanuman. The craftsmanship exemplified in a major attraction for devotees from across India, celebrating the garh's cultural heritage.

VIBRANT FESTIVALS

Each year, the Kota garh hosts vibrant festivals like the 'Rajput Heritage Festival', showcasing traditional music, dance, and cuisine. Celebrations like the 'Rajput Heritage Festival' attract thousands of visitors, with the Kota garh playing a key role in the event.

The palace's exquisite carvings, characterized by Rajput architecture, offer visitors light and colorful insights into the past. Moreover, with their intricately designed pillars and ceilings, enhance the grandeur.

WELCOME TO OUR EXHIBITION OF ARCHITECTURAL HERITAGE DOCUMENTATION, WHICH WE BELIEVE IS THE TRANSPARENTITY OF THE ARCHITECTURE AND A VALUABLE SOURCE OF INFORMATION REGARDING THE ARCHITECTURAL HERITAGE OF THE PAST AND WILL BE THE FUTURE OF THE PAST.
